Iconographic

COLLECTION

Designed to work.

The Iconographic collection pays tribute to modern technology. Inspired by the dots, dashes and bits of code that have become iconography for our popular, everyday reliance on technology, the collection celebrates popular design as an essential part of the way we live.

Its universal appeal and neutral color palette make it a reliable option for anyone looking for a design that will stand the test of time. Iconographic comes in three patterns, Sign Off, Log In and Download that mix well together and provide staple options for numerous types of projects.

COLLECTION

Designed to retain its appearance through years of wear, Iconographic is made using Eco Solution Q[®] high-performance fiber, a Cradle to Cradle certified product that can withstand aggressive cleaning while still contributing to LEED Green Building Rating System[™]. The collection is backed by a 100% PVC-free high-performance backing. Iconographic is covered by a lifetime warranty against stain, colorfastness to light, static and abrasive wear.
