Beyond The Door

patcraft.

on the cover: **PRADO** style 10317 | **OPAL** color 00123

Walk the walk without leaving a mark.

Enter a new realm of performance flooring with the **Beyond the Door** collection. Heavy-duty flooring is no longer just for entryways, vestibules and lobbies. Beautifully designed for the toughest, high-demand environments, this collection extends the life of your flooring by reducing soil from foot traffic and looks amazing while doing it.

Open the door to greater performance.

Some environments demand more out of flooring and Beyond the Door answers that call. Its hybrid construction combines the beauty of patterned carpet tile with the durability of resilient flooring. Our heavy-duty construction features a high performance 300 dpf Eco Solution Q nylon paired with our 24 dpf Eco Solution Q nylon to help remove dirt, sand and moisture without looking like walk-off tile. Combine Beyond the Door with our MAC Maintenance and Cleaning program and keep your facility looking great no matter what gets tracked in.

Featured here, an up-close view of our industry leading 24 dpf Eco Solution Q fiber (bottom strands) with our heavy-duty 300 dpf Eco Solution Q fiber (top strands).
