Government

patcraft®

because flooring matters.
Flooring shouldn’t be an afterthought— it supports every person that occupies the space and every activity that takes place in it. Because of this, we offer extensive resources to ensure you select the best flooring for your environment.

The Patcraft Performance Advantage

Patcraft is the high-performance flooring leader. We offer products and solutions specifically designed to improve commercial environments and how they are used. We offer a variety of products including Modular options in square (24” x 24”), the new Skinny Tile® (18” x 36”), Broadloom and Resilient.

Products designed for your project. We understand that each project is unique but when it comes to performance, we know what matters.

- Quality
- Design
- Durability
- Maintenance
- Customer Service
- Warranties
- Wear and Tear
- Traffic patterns
- Budgets and turn times
- Turn-key services
- Environmental impact
- Service and expertise

Selection, Installation, Maintenance: we have you covered. Patcraft provides dedicated resources and expertise to support every process from selecting the flooring, to ordering it, installing it and maintaining it.

Environmental Leadership: as a part of Shaw Industries, we manufacture products to meet the initiatives of Executive Order 13693, MBDC Cradle-to-Cradle certification, NSF 140 certification and LEED point contribution.

High performance flooring designed to improve government spaces because flooring matters.
Innovative Solutions
Extend Performance

LokDots™ is an odorless, non-toxic adhesive designed for the installations of carpet tile in occupied spaces. It's ideal for high moisture areas and raised access flooring.

EcoWorx Tile® is the industry's first sustainable, non-PVC tile backing and is designed to add a layer of strength and durability.

EcoWorx Performance Broadloom® provides a powerful moisture barrier that protects your subfloors from liquid contamminates while further protecting the environment.

Our Eco Solution Q® and Solution Q Extreme® fibers are made of long-lasting, colorfast, fully recyclable nylon 6 that withstands wear and retains appearance.

Our free online Maintenance and Cleaning tool (M.A.C.) provides a personal training program that allows you to provide an unlimited number of people with the information they need to maintain your Patcraft flooring.

If you need carpet quickly, we offer our PDQ modular and broadloom options, delivered in 10 days and supported by personal service.
