

Shaw 4151

ONE ADHESIVE FOR ANY FLOORING*

patcraft®

Now you can install almost any flooring with *one* adhesive, saving storage space and reducing waste.

SHAW 4151 tolerates moisture up to 99% RH.

Saves Storage Space

Shaw 4151 will work for any flooring except for patterned broadloom. Only store one adhesive.

Reduces Waste

Shaw 4151 comes in a re-sealable bucket. You can re-seal up to two times, preventing waste.

Releasable or Permanent

Install when dry and clear for releasable adhesion; install when wet for permanent adhesion.

Moisture Tolerant

4151 can withstand up to 99% RH and 12 pH.

*Patterned broadloom cannot be used with 4151. Please contact Technical Services for alternate solutions.
